PROFILE

Recent Mechanical Engineering graduate with hands-on experience in the automotive industry, including roles as a Service Advisor and Job Controller at GAC Motor, and as a Technician at Royal Gem Auto. Demonstrates a strong foundation in mechanical systems, diagnostic procedures, and technical service operations. Skilled in coordinating repair processes, communicating effectively with clients, and supporting workshop teams to ensure timely and high-quality service delivery. A motivated and detail-oriented professional with a passion for automotive engineering and a commitment to continuous learning and technical excellence. I am eager to apply my knowledge and skills in a dynamic engineering environment and I am actively seeking opportunities to contribute to innovative projects and grow as an engineer.
